News Letter

VOL - III July - September 2008

Dear Reader,

Drupa 2008 was unique and an exhilarating experience after the last 2004 show.

Every company tried to exhibit new technology and products, so did BST with "SHARK 4000" 100% Print Defect Detection for wide webs, SUPER HANDYScan 4000 with space saving single monitor solution with intuitive touchscreen, CLS Pro 600 for perfect line and contrast control.

Our other partner Selectra also displayed "EYE TOUCH" the latest Register Control System for rotogravure press and "REGOLUS" Register Control System for web offset and label printing machines.

As the saying goes "The show must go on" we now get ready for yet another exhibition "India Converting Show" where our esteemed customers could get an opportunity to see PREMIUS, CLS Pro 600, SUPERHANDYScan 4000 and the EYETOUCH.

Please do visit us at India Converting Show, Hall 11, booth no 204 at Pragati Maidan, New Delhi, from 07th to 10th August'08,

Thanking You and with Warm Regards,

**TAPPAN PATEL**

Walk a mile in others shoes before you say no to their request for a new pair.

06/06/2008

**What's new at  
BST SAYONA**

**» REGISTER CONTROL "REGOLUS CRX"**

- Longitudinal and transversal color register control for flexo and web offset printing press.
- Digital measurement control with independent micro-processors for each unit.
- Automatic recognition of register marks.
- Independent Gigabit Ethernet cameras for each printing station.
- Simultaneous control of print elements with fully automatic pre-setting feature.
- Fully Automatic start-up even without pre-setting print cylinders.

**» ADVANTAGES**

- Significant waste reduction due to automatic mark recognition and ability to achieve registration from start up print cylinders in any position
- Increased productivity by reducing down time
- Works on any substrate
- Optimizes product quality
- Minimizes waste during start up, re-starts, press acceleration/deceleration and also during reel changes.
- Fast Return-On-Investment

**» INDUSTRY APPLICATIONS**

- |                          |             |
|--------------------------|-------------|
| • Packaging              | • Newspaper |
| • Commercial Publication | • Wallpaper |
| • Business Forms         | • Labels    |
